

# Engaging in our community *Today*

## Yesterday, Today & Tomorrow

For over 65 years, United Way of Stanislaus County has supported our community by funding hundreds of local organizations and thousands of programs. During COVID-19, our focus has been helping local, vital non-profits succeed today, and prepare for the future.

*"The support from United Way of Stanislaus County felt like a big hug! Their support was a way of saying we see you, you're working hard, and we appreciate the work you do."*
